REPORT AND RECOMMENDATION

TO THE HONORABLE ARIZONA TRANSPORTATION BOARD:

The Intermodal Transportation Division has made a thorough investigation concerning the establishment and improvement of a portion of U.S. Route 93 within the above referenced project.

This portion was previously established as a state route and state highway designated U.S. Route 93 by Arizona Highway Commission Resolution 60-112, dated June 7, 1960, pages 167 through 169 in the Official Minutes; various Resolutions authorized additional improvements thereof and Arizona Transportation Board Resolution 2010-02-A-013, dated February 19, 2010, approved additional right of way as an access controlled state route and state highway for upcoming improvements.

Additional right of way is now needed for widening improvements. Accordingly, it is necessary to establish and acquire the additional right of way for this improvement.

Pursuant to Arizona Revised Statutes Section 28-7094, it has been determined that a reasonable need exists for this land, for both interim and ultimate improvements including future traffic interchanges. It has been also been determined that early or advance acquisition will forestall development, prevent hardships and result in a substantial savings to the State;

The additional right of way to be established and acquired for this improvement is depicted in Appendix "A" and delineated on maps and plans on file in the office of the State Engineer, Intermodal Transportation Division, Phoenix, Arizona, entitled "Right of Way Plans, WICKENBURG - PHOENIX Highway, Project U-093-B-802 / 093MO105H592402R."

In the interest of public safety, necessity and convenience, I recommend that the area depicted in Appendix "A" be established and improved as a state route and state highway, and that access be controlled.

I further recommend the acquisition of the new right of way, material for construction, haul roads and various easements necessary for or incidental to the improvement.

Pursuant to Arizona Revised Statutes Section 28-7046, I recommend the adoption of a resolution making this recommendation effective.

Respectfully submitted,

RESOLUTION OF ESTABLISHMENT

JOHN S. HALIKOWSKI, Director, Arizona Department of Transportation, on May 4, 2010 presented and filed with this Transportation Board his written report under Arizona Revised Statutes Section 28-7046, recommending the establishment and acquisition of additional right of way for the improvement of a portion of U.S. Route 93 as set forth in the above referenced project.

The additional right of way to be established and acquired for this improvement is depicted in Appendix "A" and delineated on maps and plans on file in the office of the State Engineer, Intermodal Transportation Division, Phoenix, Arizona, entitled "Right of Way Plans, WICKENBURG - KINGMAN, Highway, Project U-093-B-802 / 093MO105H592402R"

WHEREAS establishment and acquisition of the additional right of way is necessary for this improvement; and

WHEREAS pursuant to Arizona Revised Statutes Section 28-7094, it has been determined that a reasonable need exists for this land, for both interim and ultimate improvements including future traffic interchanges. It has been also been determined that early or advance acquisition will forestall development, prevent hardships and result in a substantial savings to the State; and

RES. NO. 2010-05-A-044  
PROJECT: U-093-B-802 / 093MO105H592402R  
HIGHWAY: WICKENBURG - KINGMAN  
SECTION: Deluge Wash - Hackberry Spring  
ROUTE NO.: U.S. Route 93  
ENG. DIST.: Kingman  
COUNTY: Mohave

WHEREAS because of these premises, this Board finds public safety, necessity and convenience require the recommended establishment and acquisition of the additional land needed for this improvement and that access to the highway shall be controlled as delineated on the maps and plans; therefore, be it

RESOLVED that the recommendation of the Director is adopted and made part of this resolution; be it further

RESOLVED that the additional areas of right of way as set forth in Appendix "A" are designated a controlled access state route and state highway, including advance acquisitions, and ingress and egress to and from the highway and to and from abutting, adjacent, or other lands be denied, controlled, or regulated as indicated by the maps and plans. Where no access is shown, none will be allowed to exist; be it further

RESOLVED that the Director is hereby authorized to acquire by lawful means, including exchanges, in accordance with Arizona Revised Statutes Section 28-7092, an estate in fee, or such other interest as is required, including material for construction, haul roads, and various easements in any property necessary for or incidental to the improvements as delineated on said maps and plans; be it further

RESOLVED that the Director secure an appraisal of the property to be acquired and that necessary parties be compensated. Upon failure to acquire said lands by other lawful means, the Director is authorized to initiate condemnation proceedings.
