Tribal Transportation Updates

Southern Region Activity

San Carlos Apache Tribe DOT and ADOT Transportation Partnership

Purpose: To increase State-Tribal intergovernmental relations. This Partnership reconvened after four years with a meeting held August 15th on the San Carlos Apache Reservation.

Major Outcomes: Tribal Chairman Rambler fully supports the Partnership; San Carlos DOT desires to continue its work with ADOT to address US 70 safety issues; San Carlos Police Department will work to begin using the TraCS Program for crash data sharing with ADOT; the White Mountain Apache Tribe DOT will rejoin the Partnership; and ADOT will regularly attend San Carlos Transportation Committee meetings.

Moving Forward: The Partnership plans to meet quarterly, with the next meeting tentatively scheduled for November 2024
