**Welcome to a meeting of the Arizona State Transportation Board. The Transportation Board consists of seven private citizen members appointed by the Governor, representing specific transportation districts. Board members are appointed for terms of six years each, with terms expiring on the third Monday in January of the appropriate year.**

### **BOARD AUTHORITY**

Although the administration of the Department of Transportation is the responsibility of the director, the Transportation Board has been granted certain policy powers in addition to serving in an advisory capacity to the director.

In the area of highways the Transportation Board is responsible for establishing a system of state routes. It determines which routes are accepted into the state system and which state routes are to be improved. The Board has final authority on establishing the opening, relocating, altering, vacating or abandoning any portion of a state route of a state highway. The Transportation Board awards construction contracts and monitors the status of construction projects.

With respect to aeronautics the Transportation Board distributes monies appropriated to the Aeronautics Division from the State Aviation Fund for planning, design, development, land acquisition, construction and improvement of publicly-owned airport facilities. The Board also approves airport construction.

The Transportation Board has the exclusive authority to issue revenue bonds for financing needed transportation improvements throughout the state. As part of the planning process the Board determines priority planning with respect to transportation facilities and annually adopts the five-year construction program.

### **CITIZEN INPUT**

Citizens may appear before the Transportation Board to be heard on any transportation-related issue. Persons wishing to protest any action taken or contemplated by the Board may appear before this open forum. The Board welcomes citizen involvement, although because of Arizona's open meeting laws, no actions may be taken on items which do not appear on the formal agenda. This does not, however, preclude discussion of other issues.

### **MEETINGS**

The Transportation Board typically meets on the third Friday of each month. Meetings are held in locations throughout the state. In addition to the regular business meetings held each month, the Board also conducts three public hearings each year to receive input regarding the proposed five-year construction program. Meeting dates are established for the following year at the December organization meeting of the Board.

### **BOARD MEETING PROCEDURE**

Board members receive the agenda and all backup information one week before the meeting is held. They have studied each item on the agenda and have consulted with Department of Transportation staff when necessary. If no additional facts are presented at the meeting, they often act on matters, particularly routine ones, without further discussion.

In order to streamline the meetings the Board has adopted the "consent agenda" format, allowing agenda items to be voted on en masse unless discussion is requested by one of the board members or Department of Transportation staff members.

### **BOARD CONTACT**

Transportation Board members encourage citizens to contact them regarding transportation-related issues. Board members may be contacted through the Arizona Department of Transportation, 206 South 17th Avenue, Phoenix, Arizona 85007; Telephone (602) 712-7550.

**NOTICE OF PUBLIC MEETING  
OF THE  
STATE TRANSPORTATION BOARD**

**Pursuant to A.R.S. Sec. 38-431.02, notice is hereby given to the members of the State Transportation Board and to the general public that the State Transportation Board will hold a meeting open to the public, on Friday, May 18, 2012, beginning at 9:00 a.m. at the ADOT Administration Building Auditorium, 206 S. 17th Avenue, Phoenix, Arizona 85007. Members of the Transportation Board will attend either in person or by telephone conference call. The Board may vote to go into Executive Session to discuss certain matters, which will not be open to the public.**

**EXECUTIVE SESSION OF THE STATE TRANSPORTATION BOARD**

Pursuant to A.R.S. 38-431.02, notice is hereby given to the members of the Arizona State Transportation Board and to the general public that the Board may meet in Executive Session for discussion or consultation of legal advice with legal counsel at its meeting on Friday, May 18, 2012 relating to any items on the agenda. Pursuant to A.R.S. 38-431.03(A), the Board may, at its discretion, recess and reconvene the Executive Session as needed, relating to any items on the agenda.

**AMERICANS WITH DISABILITIES ACT**

Under the Americans with Disabilities Act, the Department must make a reasonable accommodation to allow a person with a disability to take part in a program, service or activity. For example, this means that if necessary, the Department must provide sign language interpreters for people who are deaf, a wheelchair accessible location, or enlarged print materials. It also means that the Department will take any other reasonable action that allows you to take part in and understand a program or activity, including making reasonable changes to an activity. If you believe that you will not be able to understand or take part in a program or activity because of your disability, please let us know of your disability needs in advance if at all possible. Please contact the ADA Coordinator at (602) 712-7761.

**AGENDA**

A copy of the agenda for this meeting will be available at the office of the Transportation Board at 206 South 17th Avenue, Room 135, at least 24 hours in advance of the meeting.

**ORDER DEFERRAL AND ACCELERATIONS OF AGENDA ITEMS, VOTE WITHOUT DISCUSSION.**

In the interest of efficiency and economy of time, the Arizona Transportation Board, having already had the opportunity to become conversant with items on its agenda, will likely defer action in relation to certain items until after agenda items requiring discussion have been considered and voted upon by its members. After all such discussional items have been acted upon, the items remaining on the Board's agenda will be expedited and action may be taken on deferred agenda items without discussion. It will be a decision of the Board itself as to which items will require discussion and which may be deferred for expedited action without discussion.

The Chairman will poll the members of the Board at the commencement of the meeting with regard to which items require discussion. Any agenda item identified by any Board member as one requiring discussion will be accelerated ahead of those items not identified as requiring discussion. All such accelerated agenda items will be individually considered and acted upon ahead of all other agenda items. With respect to all agenda items not accelerated. i.e., those items upon which action has been deferred until later in the meeting, the Chairman will entertain a single motion and a single second to that motion and will call for a single vote of the members without any discussion of any agenda items so grouped together and so singly acted upon. Accordingly, in the event any person desires to have the Board discuss any particular agenda item, such person should contact one of the Board members before the meeting or Lila Trimmer, located at 206 South 17th Avenue, Room 135, Phoenix, Arizona 85007, or by phone (602) 712-7550. Please be prepared to identify the specific agenda item or items of interest.

Board Members present: Bobbie Lundstrom, Victor Flores, Bill Feldmeier, Kelly Anderson, Hank Rogers, Joe La Rue, Steve Christy,

**Opening Remarks**

Chairwoman Lundstrom thanks all the sponsors from last night. It was a wonderful get together; delicious food and great hospitality. We always really enjoy coming up here. I want to thank all of you individually and as a whole. It was really a pleasure and also the tour yesterday. Feldmeier, Kelly, and I walked this morning, and we saw the buses going by and they are so quiet. We are so pleased. Thank you so much for all your efforts. It's a beautiful partnership.

**PUBLIC HEARING**

Presentation of FY2013 – 2017 ADOT Tentative Five-Year Transportation Facilities Construction Program Recommendations (Including FY2012 Modifications)

**ITEM A: FY2013 – 2017 Statewide Subprograms / ITEM B: FY2013 – 2017 Statewide Highway Construction Program / ITEM C: FY2013 – 2017 PAG Regional Highway Construction Program – Scott Omer**

Scott presented the draft 5-year transportation construction program. This is the second of three public meetings for the program itself. We will have one more in Phoenix in May. And as we spoke earlier, the Board actually approves the final 5-year program in their meeting in June. We really do appreciate everyone's comments. We actually go about documenting all the comments. We respond to the comments. If you have not gotten your first round of comments and responses, yet; you should get those pretty soon. We had some conversations earlier that all of the Board did receive a hard copy of the tentative 5-year program.

Our 5-year tentative program is developed collaboratively between ITD, FMS, MPD, and local agencies. We actually start the development of the 5-year program in the spring of every year. And, we actually start in the summer and complete it in the spring with the public meetings. We do include the public process as part of a valuable tool for us to make sure we're getting the public's concerns addressed. Our program demonstrates how federal and state dollars will be spent over the next five-year period. You approve it annually. Our fiscal year starts on July 1. The regulations that support our 5-year program are: STIP is covered under Title 23 CFR 450.216, and our 5-year program is covered under ARS 28-6951 through 28-6955.

The elements of the program include all Federal-aid programs, subprograms, Greater Arizona Major Projects, PAG Major Projects, MAG Regional Major Projects, as well as the Airport Development Program.

This is the first year that we're basing upon our 5-year program on our long-range plan, *What Moves You Arizona*. Last year, you approved *What Moves You Arizona* as our long-range plan and it solidified ADOT's mentality of fixing our existing infrastructure first; and preserving millions of dollars in the infrastructure that we have in the state of Arizona. So the long-range plan says we should be investing the limited funds between preserving the system, modernization of the system, and the expansion of the system.

**Summary of the Program FY13-FY17:** Updated project costs—Moved \$112M in Major Projects out of program; Programmed PE and Design Phase—Large Projects greater than \$20M Two Phases; Small Projects Single Phase. Programmed Subprogram Projects—Pavement Preservation and Bridge FY13-15; several other programs in FY13 and FY14. **Summary of Subprograms:** Total FY17 funding at \$350M. Pavement Preservation, \$145M FY16 and \$116M FY17. District Minor, \$22.5M FY16 and \$17.5M FY17. Numerous programs will be phased out over the 5-year program due to design costs being programmed.

**ITEM D: FY2013 – 2017 MAG Regional Highway Construction Program – Kwi Sung Kang**

Kwi reported on the MAG Regional Program changes to the project budgets and schedules within the 5-year program. The proposed tentative 5-year program starting with **FY13-15**: Carry projects forward from the current approved 5-year program. **FY16-17**: Projects will be determined based on the re-balancing efforts. Cost and Revenue for the MAG RTP Freeway Program must be in balance throughout the lifecycle of the program which ends on December 31, 2025. Negative cash flow balances will require deferring some FY13-15 projects to future years. Re-balancing process is underway.

**ITEM E: FY2013 – 2017 Airport Development Program – Scott Omer**

Scott reported on the airport development program. The revenue we received for FY2011 was about \$25 M. We have five main programs Federal Match Grants (FSL), \$4.5 M; State-Local Grants (SL), \$9 M; Airport Pavement Preservation (APMS), \$8.5 M; Airport Development Loans, \$2.5 M; Airport Development Loans, \$1.8 M; So our program averages out to be around \$24 to \$25 M over the life of the program.

All primary revenue streams will remain flat in growth. Federal Aviation Administration Reauthorization will pass this summer (2012). Current outstanding obligates are about \$30M, deferred reimbursements on the books are \$1.4M and growing Arizona airports receipt of federal funding will remain pretty consistent. Any additional sweeps will hinder ADOT's ability to advance this recommended program. On February 6, 2012 the U.S. Senate passed Senate Bill 223. This puts an end to the series of 23 continuing resolutions for FAA funding to Arizona airports. Changes to the FAA program described in the Bill may involve changes to ADOT's projected 5-year program.

**Roll Call**

Roll call by Board Secretary, Lila Trimmer.

Board Members present: Bobbie Lundstrom, Victor Flores, Bill Feldmeier, Kelly Anderson, Hank Rogers, Joseph La Rue, Steve Christy

**Call to the Audience**

The following members of the public addressed the Board:

1. Matt Ryan, Coconino County Supervisor
2. Mark Woodson, Councilman, City of Flagstaff
3. Ron Barnes, President, Arizona Transit Association
4. Tim Schmid, Chief Estimator, International Surfacing Systems

**ITEM 1: District Engineer's Report — John Harper, Flagstaff District Engineer**

John provided an overview of the current projects: I-15 Virgin River-State Line, SR 64 Tusayan Street improvements and enhancements, I-17 Munds Park TI reconstruction, and SR 89A (NB & SB) Dry Creek – Airport Road. We have a number of studies for the I-17 Elk Fence, I-40 DCR Bellemont to Winona, I-17 DCR SR 179 to I-40, the I-15 Feasibility Study, and Nevada State Line-Utah State Line. Arizona's first P3 project is in the Flagstaff District. The concept is to relocate and consolidate ADOT and MVD facilities in order to facilitate city roadway construction. We are achieving the highest and best use of property with close coordination with the City of Flagstaff and FMPO. John updated the Board with the future projects in FY2012, SR 389 @ BIA 50; SR 98 Potato Wash; US 160 five miles west of Tuba City; and I-40 Buffalo Range traffic interchange–Two Guns traffic interchange. Next summer, in FY2013 future projects are US 89A Fredonia- State Line, I-15 Farm Road TI, I-40 E. Ashfork TI – W. Williams TI, US180 Columbus Avenue-Snowbowl Road, I-17 Sedona TI-Stoneman Lake TI, US 89A Trail Canyon Creek, US 89 Gray Spot Wash-North Red Hill, US 89 Little Colorado River, I-40 Canyon Padre Bridge and SR 89A Jct JW Powell Blvd. and SR 89A.

**ITEM 2: Director's Report — Floyd Roehrich**

Neither a **Director's Report** nor **Last Minute Items** to report.

**ITEM 3: Consent Agenda**

***Motion to approve Consent Agenda made by Bill Feldmeier and a second by Victor Flores, in a voice vote, motion carries.***

**ITEM 4: Legislative Report — Kevin Biesty**

Kevin provided a report of current State and Federal legislative issues. The State Legislative session is coming to a close. The Governor's office issued a statement to the Legislature that she will not sign any bills before Budget. An update on a couple of bills, HB2061, Repeals the Highway Expansion and Extension Loan Program Advisory Committee (HELP) was signed by the Governor. Clarification, this is not the program only the advisory committee that is being

terminated. HB2491, Modular Mover Vehicles; use period was signed by the Governor. Basically what this bill does is put provisions of due process and enforcement mechanisms of toll facilities and remove any rebate provisions that were in the current law. It specifies factors the Department must consider before entering into a public-private partnership, and modifies the list of provisions that the Department may include in a public-private partnership. A bill that the Governor recently vetoed was SB1200, expressing concerns that would have allowed hanging political campaign signs on rural highways and interstates. This is not a smart thing to do.

Mr. La Rue's confirmation went through Caucus last week and we're anticipating it going to the floor, which is the final step. As soon as that vote goes through, we'll notify the board. They are still looking for a candidate for Mr. Feldmeier's position as well.

The Federal level area could get very complicated. Hopefully next week, we will have some conferees named by the Senate and House to go to conference. Hopefully, come to an agreement and put this long-standing authorization discussion to rest and come up with a long term solution. Also, on the Federal level, the department awarded the DC consulting contract to deal with the I-11 designation and getting folks together on the I-11 to Capitol Strategies and Alcalde & Fay. Kevin said he had a couple conversations with them this week; we're setting up short-term and long-term goals. By Monday or Tuesday, he'll send the Board an update. The I-11 designation is still in the Senate version and we anticipate that being included in whatever conference committee comes up with.

#### **ITEM 5: Public Private Partnership (P3) Update — Gail Lewis**

Gail offered an update. She's pleased to have a new member in the department, Stephanie Brown. Stephanie is the program manager. Some of the accomplishments, Kevin mentioned that the P3 amendment legislation passed. It was very important. On the first P3 project front, is one the in Flagstaff. One more RFP is for a contract to privatize the rest areas around the state. We are moving forward on a couple of potential highway projects, SR 189 in Nogales. This one is moving up the queue as well as the north-south highway in Pinal County. How tight budgets continue to be and how creative we have to be about moving projects around to try and meet the limited funds that we have. Anytime, we can do something using a P3 approach that is enabling us to use private sector dollars to supplement our own funds without losing control of our program. We're trying to do the most we can with what we have.

#### **ITEM 6: & ITEM 7: Financial Report and Financing Program Reports — Kristine Ward**

Kristine provided a financial and abbreviated review of the finances. Starting with HURF our March revenues, we brought in \$103 million and it's about 4.6% higher than 2011 numbers. We're 1.8% below forecast for the month and year to date; we've brought in about \$901 million in revenues. These are essentially the same levels of collections that we experienced in 2011. With regard to RARF, we collected \$26.2 million in revenues for the month with about 1.4% over last year at this time. Year to date we've collected \$239 almost \$240 million in revenues. We are 5.6% ahead of 2011 and .7% ahead of forecast.

With regards to the Aviation Fund for the month of March, we've collected \$1.8 million in revenues and we are 17.9% over last year at this time. However, we're -24.6% below forecast for the month. The reason you're seeing these variations in the percentages. We have had a change in the way the dollars are accounted for. We've also seen some delays of federal projects. But year to date, we have collected \$15.3 million, 18% below FY11 and then we're 3.4% behind forecast. With regards to our cash management, we have earned \$8.1 million year to date with a stunning yield of about .86%

**ITEM 8: Eighth Supplemental Resolution — Kristine Ward**

Kristine presented and recommended approval of Resolution Supplementing the Grant Anticipation Note Resolution Adopted June 9, 2000, authorizing the Board's anticipated issuance of Grant Anticipation Refunding Notes, Series 2012, in an amount not to exceed \$68,000,000.

***A motion to approve the following Resolution was made by Steve Christy and a second by Bill Feldmeier:***

**EIGHTH SUPPLEMENTAL RESOLUTION  
Adopted April 20, 2012**

Which supplements and amends the GRANT ANTICIPATION NOTE RESOLUTION  
(adopted on June 9, 2000, as supplemented and amended to the date hereof)  
And authorizes not to exceed \$68,000,000

**GRANT ANTICIPATION REFUNDING NOTES

Bond Counsel

Dated this 20th day of April, 2012

***In a voice vote, the motion carries.***

**ITEM 9: Direction to Proceed Selection of Underwriters — Kristine Ward**

Kristine presented and recommended approval of Resolution recommending appointment of Underwriters for the Board's anticipated issuance of Grant Anticipation Refunding Notes, Series 2012.

***A motion to approve the following Resolution made by Victor Flores and a second by Hank Rogers.***

**RESOLUTION OF THE STATE OF ARIZONA TRANSPORTATION  
BOARD APPOINTING MANAGING UNDERWRITERS FOR ITS  
PLANNED ISSUANCE OF GRANT ANTICIPATION REFUNDING  
NOTES, SERIES 2012.**

The Board hereby appoints the following firms to act as managing underwriters in connection with its planned issuance of Grant Anticipation Refunding Notes, Series 2012.

Citigroup Global Markets Inc.	Senior Manager	60%
J.P. Morgan Securities LLC	Co-Manager	40%

The Board reserves the right to make changes in the management team designated above, it is deemed to be in the best interests of the state.

Dated this 20th day of April, 2012

***In a voice vote, motion carries.***

**ITEM 10: Multimodal Planning Division Report — Scott Omer**

First Scott stated the State Engineer was trying to get the answer back on the US 60 project. One note is that FY15 starts July 1<sup>st</sup> 2014. He wants to make sure that our development staff has delivery of the project. We want to make sure there's nothing in there that could slow up the delivery of the project, whether it's an environmental concern or something else. We will let the Board know before the next meeting.

Scott was happy to report that finally the Nevada Department of Transportation in partnership with ADOT advertised the Request for Proposals for the proposed interstate corridor. He read the title, Proposed Interstate Route Corridor Study from Casa Grande, Arizona to Las Vegas, and a Comparative Analysis of the Proposed High Priority Corridors from Las Vegas to the Canadian Border, and a Comparative Analysis of the Proposed High Priority Corridors from the Mexico Border to Casa Grande on last Friday, April 13th. The study will focus on 3 main objectives: 1) establish the purpose and need for the entire corridor including the economics of the existing and potential freight routes; 2) provide a multimodal systems-level Corridor Study; and 3) provide a detailed analysis for any right-of-way needs for the section of the corridor between I-10 in Arizona and I-15 for any areas not previously defined. The ultimate goal of the study is to identify the most feasible route. The schedule as printed, the Request for Proposals were issued last week. The RFP due date is May 9<sup>th</sup> and the anticipated notice of award of the RFP on July 23, 2012. That was in the email he sent to our subcommittee. He'll send that same email out to the rest of the board.

### **ITEM 12: State Engineer's Report — Jennifer Toth**

Jennifer reported the status of projects under the Construction Report for March 2012 showed 116 projects under construction valued at \$900,325,430.68. The Transportation Board awarded seven projects during March valued at approximately \$7.7M. Year to date, we have finalized 84 projects. The total cost of these 84 projects has exceeded the contractors bid amount by 4.3%. Deducting incentive and bonus payments, revisions, omission and additional work paid for by others, fiscal year to date reduces this percentage to 1.8%.

### **ITEM 13: Construction Contracts — Jennifer Toth**

Jennifer presented the recommended construction project awards that are not on the Consent Agenda.

**ITEM 13a:** The proposed pavement preservation project is located in Yavapai County on Interstate 17 beginning approximately five miles North of Camp Verde, at milepost 289.97, and extending north to milepost 299.15. REPORT AND RECOMMENDATION

TO THE HONORABLE ARIZONA TRANSPORTATION BOARD:

The Intermodal Transportation Division has made a thorough investigation concerning the abandonment of right of way acquired for Interstate Route 10 improvements at Dysart Road within the above referenced project.

The existing Interstate Route 10 alignment was previously established as a State Route by Arizona Highway Commission Resolution 65-25, dated April 2, 1965; Thereafter, Arizona Transportation Board Resolution 75-17-A-70, dated October 10, 1975, established an access controlled State Route and State Highway; Subsequently, Resolution 2010-11-A-084 dated November 19, 2010, established additional right of way as an access controlled State Route and State Highway for improvements to the Dysart Traffic Interchange;

The Dysart Road right of way is no longer needed for state transportation purposes. The City of Avondale and the City of Goodyear both have jurisdiction within the limits of Dysart Road to be abandoned herein for a continued transportation purpose as shown and defined in Appendix "A" attached hereto.

DISPOSAL: D-M-430

The City of Avondale has agreed to accept jurisdiction, ownership and maintenance of the right of way for a continued public transportation purpose in accordance with Joint Project Agreement 04-082, dated January 26, 2005; and

The City of Goodyear was provided a 120-Day Advance Notice dated December 15, 2011 in accordance with the Arizona Revised Statute 28-7209, indicating that the jurisdiction, ownership and maintenance of the right of way would be transferred from the State. Accordingly, I recommend that the State's interest in the right of way be abandoned.

The right of way to be abandoned is delineated on the maps and plans on file in the office of the State Engineer, Intermodal Transportation Division, Phoenix, Arizona, entitled "Right of Way Plans, EHRENBERG - PHOENIX Highway, Project I-010-B-802 / 010MA129H651001R" between engineering stations 14+00.00 and 22+35.44 and engineering stations 30+95.44 and 38+40, as shown and defined in Appendix "A" attached hereto.

I further recommend that the right of way depicted in Appendix "A" be removed from the State Highway System and abandoned to City of Avondale and to the City of Goodyear as provided in Arizona Revised Statutes Sections 28-7207 and 28-7209;

RESOLUTION OF ABANDONMENT

JOHN S. HALIKOWSKI, Director, Arizona Department of Transportation, on May 18, 2012 presented and filed with this Transportation Board his written report under Arizona Revised Statutes Section 28-7046, recommending the abandonment of Dysart Road at Interstate Route 10 to the City of Avondale and to the City of Goodyear within the above referenced project.

The right of way to be abandoned is delineated on maps and plans on file in the office of the State Engineer, Intermodal Transportation Division, Phoenix, Arizona, entitled "Right of Way Plans, EHRENBURG - PHOENIX Highway, Project I-010-B-802 / 010MA129H651001R" between engineering stations 14+00.00 and 22+35.44 and engineering stations 30+95.44 and 38+40 as shown and defined in Appendix "A" attached hereto.

WHEREAS said right of way is no longer needed for state transportation purposes; and

WHEREAS the City of Avondale has agreed to accept jurisdiction, ownership and maintenance of the right of way in accordance with Joint Project Agreement 04-082, dated January 26, 2005; and

WHEREAS the City of Goodyear was provided a 120-Day Advance Notice dated December 15, 2011, in accordance with the Arizona Revised Statute 28-7209, indicating that the jurisdiction, ownership and maintenance of the right of way would be transferred from the State; and

REPORT AND RECOMMENDATION

TO THE HONORABLE ARIZONA TRANSPORTATION BOARD:

The Intermodal Transportation Division has made a thorough investigation concerning the establishment and improvement of State Route 75 within the above referenced project.

The existing alignment was previously established as a state route by Arizona Highway commission Resolution dated September 9, 1927, page 26 of the Official Minutes; Resolution dated May 18, 1932, Page 537 in the Official Minutes established this portion as a state highway; Resolution dated June 29, 1932 Page 613 in the official minutes designated this portion as a state highway; Resolution 65-77, dated September 29, 1965 established additional right of way as state highway for improvements of a portion of Duncan - Alpine Highway; Resolution 69-85, dated September 19, 1969, re-establishment as a state highway for improvements thereof.

New right of way is now needed for drainage improvements to enhance the safety of the traveling public. Accordingly, it is necessary to establish and acquire the new right of way for this improvement project.

The new right of way to be established and acquired for the improvements is depicted in Appendix "A" and delineated on maps and plans on file in the office of the State Engineer, Intermodal Transportation Division, Phoenix, Arizona, entitled "60% Design Plans, dated May 19, 2011, DUNCAN - GUTHRIE Highway."

In the interest of public safety, necessity and convenience, I recommend that the new right of way depicted in Appendix "A" be established and improved as a state route and that prior to construction the new right of way shall be established as a state highway.

I further recommend the acquisition of the new right of way pursuant to Arizona Revised Statutes Sections 28-7092 and 28-7094, an estate in fee, or such other interest as required, including advance, future and early acquisition, exchanges, donations or such other interest as is required, including material for construction, haul roads and various easements necessary for or incidental to the improvements as delineated on said maps and plans.

Pursuant to Arizona Revised Statutes Section 28-7046, I recommend the adoption of a resolution making this recommendation effective.

REPORT AND RECOMMENDATION

TO THE HONORABLE ARIZONA TRANSPORTATION BOARD:

The Intermodal Transportation Division has made a thorough investigation concerning the establishment and improvement of a portion of U.S. Route 89 within the above referenced project.

This portion was previously established as a state route and state highway by Arizona State Highway Commission Resolution dated September 9, 1927, page 26 & 27 of the Official Minutes.

This project involves improvements in and around the existing right of way for U.S. Route 89. Temporary construction easements outside the existing right of way are needed for construction access and for new bridge construction.

Accordingly, it is now necessary to establish and acquire the temporary construction easements needed.

The area of temporary construction easements required for this improvement is depicted in Appendix "A" and delineated on maps and plans on file in the office of the State Engineer, Intermodal Transportation Division, Phoenix, Arizona, entitled "60% Design Plans, dated March, 2012, CAMERON - BITTER SPRINGS Highway."

REPORT AND RECOMMENDATION

TO THE HONORABLE ARIZONA TRANSPORTATION BOARD:

The Intermodal Transportation Division has made a thorough investigation concerning the establishment and improvement of State Route 86 within the above referenced project.

The existing alignment was previously established by Arizona Highway Commission Resolution dated May 15, 1943, page 64 of the Official Minutes as a state route, and Resolution dated June 21, 1943, page 75 of the Official Minutes established this portion as a state highway; various Resolutions established additional right of way for improvements thereof.

New right of way is now needed for widening improvements to enhance the safety of the traveling public. Accordingly, it is necessary to establish and acquire the new right of way as a state route and that access be controlled as necessary for this improvement project.

The new right of way to be established as a state route and acquired for this improvement, including access control as necessary, is depicted in Appendix "A" and delineated on maps and plans on file in the office of the State Engineer, Intermodal Transportation Division, Phoenix, Arizona, entitled "30% Design Plans, dated March 30, 2012, WHY - TUCSON Highway."

REPORT AND RECOMMENDATION

TO THE HONORABLE ARIZONA TRANSPORTATION BOARD:

The Intermodal Transportation Division has made a thorough investigation concerning the establishment of right of way as a state highway for the recently constructed T.I. improvements of Interstate Route 40 within the above referenced project.

The existing alignment was previously established as a state route and state highway designated U.S. Route 66 by Arizona Highway Commission Resolution dated September 9, 1927, page 26 of the Official Minutes; resolution 68-73, dated October 11, 1968, established additional right of way as an access controlled state highway; thereafter Arizona Transportation Board Resolution 76-09-A-20, dated May 21, 1976, and Resolution 76-18-A-62, dated October 22, 1976, established additional right of way for improvements thereof; subsequently Arizona Transportation Board Resolution 84-10-A-66, dated October 26, 1984, renumbered U.S. Route 66 to Interstate Route 40 and Resolution 2004-08-A-046, dated August 20, 2004 established additional right of way as a state route; Resolution 2008-09-A-043 dated September 19, 2008 established additional right of way for improvements thereof.

Right of way is needed at the North Park T.I. to encompass the recently constructed improvements. Accordingly, it is necessary to establish and acquire the right of way as a state highway for this improvement project.

The right of way to be established as a state highway for the recent improvements is depicted in Appendix "A" and delineated on maps and plans on file in the office of the State Engineer, Intermodal Transportation Division, Phoenix, Arizona, entitled "Right of Way Plans, FLAGSTAFF - HOLBROOK Highway, Project I-040-4-801 / 040NA253H458401R."

In the interest of public safety, necessity and convenience, I recommend that the right of way depicted in Appendix "A" be established as a state highway.

I further recommend the immediate establishment of existing county, town and city roadways into the state highway system as a state highway which are necessary for or incidental to the improvement as delineated on said maps and plans, to be effective upon signing of this recommendation. This Resolution is considered the conveying document for such existing county, town and city roadways and no further conveyance is legally required.

Pursuant to Arizona Revised Statutes Section 28-7046, I recommend the adoption of a resolution making this recommendation effective.

Respectfully submitted,

JOHN S. HALIKOWSKI, Director  
Arizona Department of Transportation

RESOLUTION OF ESTABLISHMENT

JOHN S. HALIKOWSKI, Director, Arizona Department of Transportation, on May 18, 2012 presented and filed with this Transportation Board his written report under Arizona Revised Statutes Section 28-7046, recommending the establishment and acquisition of right of way as a state highway to encompass the recently constructed improvements of Interstate Route 40 as set forth in the above referenced project.

The right of way to be established as a state highway is depicted in Appendix "A" and delineated on maps and plans on file in the office of the State Engineer, Intermodal Transportation Division, Phoenix, Arizona, entitled " Right of Way Plans, FLAGSTAFF - HOLBROOK Highway, Project I-040-4-801 / 040NA253H458401R."

WHEREAS establishment of the right of way as a state highway is necessary for this improvement, and includes authorization pursuant to Arizona Revised Statutes Sections 28-7092 and 28-7094, an estate in fee, or such other interest as required, to include advance, future and early acquisition, including exchanges and donations and material for construction, haul roads and various easements in any property necessary for or incidental to the improvements as delineated on said maps and plans; and

WHEREAS because of these premises, this Board finds public safety, necessity and convenience require the recommended establishment and acquisition of the right of way as a state highway needed for this improvement; and

**25. DESCRIPTION OF REQUEST:**

Establish new project for the development of scoping and design for new drainage facilities along US180.

**26. JUSTIFICATION:**

Recent fires in the immediate area have resulted in drainage problems (erosion, flooding, etc.) existing along US180 at approximately MP425. This request is to initiate scoping and design efforts for the required new drainage facility improvements. Tasks include preparing a Scoping Letter, Drainage Study and Design.

**25. DESCRIPTION OF REQUEST:**

Establish a new Design Phase Project in FY12 for Construction Project in FY16.

Project will include updates/revisions and finalizing current Design Documents (Stage III Design Plans), completion of required environmental, utility and ROW clearances. New project phase is being established as Federal Funds will be used for this work (previous work was performed using State Funds).

Advance Design from FY14 to FY12

**26. JUSTIFICATION:**

ADOT Enforcement & Compliance Division has identified the Ehrenberg Port of Entry as one of their top priorities in improving the state's port infrastructure. ADOT has previously prepared initial design documentation for this project prior to the project being placed on hold in May 2009. Anticipated work includes:

- Updates to building design, including changes to meet new operational needs and LEED design elements
- Site Design revisions for operational efficiencies required (circulation, barriers, parking, etc.)
- Revisions to Ramp and Mainline Electronic Screening

Budget request includes costs for consultants and ADOT Staff review.

The intent is to utilize available FY12 Port of Entry Subprogram Funds (79312) to make this project bid ready.

**25. DESCRIPTION OF REQUEST:**

Establish a new project for the development of planning and design documentation for the redevelopment of the existing Topock Port of Entry facility.

**26. JUSTIFICATION:**

ADOT ECD has identified the Topock Port of Entry as an existing facility that requires significant upgrades to meet current standards and requirements for operations at this location. This request is to initiate planning and design efforts for the redevelopment of the existing facility. The Tentative 5-Year Program includes funding programmed for the PE Phase I in FY15. Initiating the PE tasks now will provide ADOT ECD the opportunity to initiate planning and design efforts sooner using available Port of Entry Rehabilitation Funds (79312). The goal of this project is to prepare detailed planning and 30pct Design documentation to allow the state to properly budget additional design and construction funds for this project and investigate alternative delivery methods for this project.

**25. DESCRIPTION OF REQUEST:**

Establish a new project for the development of planning and design documentation for the redevelopment of the existing Yuma Port of Entry facilities.

**26. JUSTIFICATION:**

ADOT ECD has identified the Yuma Port of Entry facilities as existing facilities which require significant upgrades to meet current standards and requirements for operations at this location. This request is to initiate planning and design efforts for the redevelopment of the existing facilities and investigate feasibility of combining the operations into a single facility. The Tentative 5-Year Program includes funding programmed for the PE Phase I in FY15. Initiating the PE tasks now will provide ADOT ECD the opportunity to initiate planning and design efforts sooner using available Port of Entry Rehabilitation Funds (79312). The goal of this project is to prepare detailed planning and 30pct Design documentation to allow the state to properly budget additional design and construction funds for this project and investigate alternative delivery methods for this project.

**25. DESCRIPTION OF REQUEST:**

Request is for funding approval to conduct preliminary engineering phase I activities associated with the development of a roundabout. Roundabout design will be incorporated to a 30 percent level.

**26. JUSTIFICATION:**

Traffic interchange is in need of capacity improvements. The original rural interchange design requires modifications to increase the traffic operational capacity. During peak winter season off-ramps experienced excessive queuing causing safety concerns for interstate mainline traffic flow.

**25. DESCRIPTION OF REQUEST:**

Create a new Design project.

**26. JUSTIFICATION:**

The State has recently completed the widening of US 93 from SR 68 to the Nevada Border. A great deal of wildlife exclusion and connectivity features were constructed along with the roadway widening. Most of them are working well. There are a few "leaks" which need to be addressed to make the system function more completely. Specifically, there are cattle guards which the Desert Bighorn Sheep have figured out and are utilizing to enter the highway ROW. FHWA indicates they would support a project to improve these features.

**25. DESCRIPTION OF REQUEST:**

Establish a new Utility Phase of \$705K. Funds will be used to pay for the railroad agreements on this project. This project is pending MAG Regional Council approval on May 23, 2012.

**26. JUSTIFICATION:**

H7328 01C project includes work to be performed by Railroad. Agreements have been negotiated and upon funding, will be executed to allow Railroad to support the 01C project. Work in 02U phase will allow Railroad to do work before contractor starts.

What is the current Stage?Stage III****Have MATERIALS Memo?NO****Have C&S Approval?NO****Have CUSTOMIZED Schedule?YES****25. DESCRIPTION OF REQUEST:**

Increase construction funding due to the original project limits being expanded.

**26. JUSTIFICATION:**

During the PA phase the the original project limits were expanded from Bell to SR 101L to Glendale to SR 101L on SR 51 due to receiving three requests. The first request was from ADOT to install ramp meters on SR 51 from Glendale to Bell, the second request was from MAG to remove the PADs and replace them with loops, and third request was from ADOT TTG to upgrade the FMS in the corridor from analog to digital.

The extra work will involve restriping and repaving the ramps from one to two lanes, adding ramp meters to all the ramps between Glendale and Bell, the removal of the 1/3 of a mile PAD poles, cabinets and their associated foundations, the installation of loops to replace the PADS, and upgrading some of the existing FMS equipment to take advantage of the new digital video wall being installed at the TOC. Cost estimate is based on what will be the 95 percent estimate.

**25. DESCRIPTION OF REQUEST:**  
 Establish a new construction project.

**26. JUSTIFICATION:**

This project is designed to mitigate congestion. The project will reconfigure the existing striping to add an additional southbound lane, install a traffic signal metering system, and update signs accordingly. Therefore, the project will be developed to phase the construction to keep the bridge open during construction.

District added District Minor funds for microseal from International Border to 14th Street.

STATE ENGINEER'S REPORT  
April 2012

The Status of Projects Under Construction report for April 2012 shows 112 projects under construction valued at \$935,581,859.72. The transportation board awarded 14 projects during April valued at approximately \$136.5 million.

During April the Department finalized 14 projects valued at \$14,695,456.33. Projects where the final cost exceeded the contractors bid amount by more than 5% are detailed in your board package.

Year to date we have finalized 99 projects. The total cost of these 99 projects has exceeded the contractors bid amount by 4.6%. Deducting incentive/bonus payments, revisions, omissions and additional work paid for by others, fiscal year to date reduces this percentage to 2.2%.
