# Tribal Transportation Update

## **ADOT Interactive Map Tool and State Highway Projects on Tribal Land:**

The interactive map for programmed projects was recently updated to include Tribal land boundaries. This helps to identify programmed projects within tribal lands and helps both Tribal transportation officials as well as other transportation personnel and the public to quickly reference projects when using the electronic Statewide Transportation Improvement Program (eSTIP) program that are located within Tribal lands.

## **FY21 ADOT Tribal Consultation Annual Report:**

The Tribal Consultation Report was submitted to the Governor's Office on Tribal Relations on September 30th, in compliance with ARS 41-2051(C)(5). Per the statute, each state agency submits an annual Tribal consultation report to the Governor's Office, State Legislators and Tribal Leaders. The FY 21 Tribal Consultation Report outline the Tribal consultation conducted during the fiscal year. The full report is available at <http://aztribaltransportation.org/policies.asp>.
