# Tribal Transportation Update

## **I-19 Broadband Project - Tohono O'odham Nation (TON) San Xavier District**

- In early December the Governor's Broadband Office, ADOT Broadband Team and other ADOT staff met with the TON to discuss proposed installation of broadband fiber optic within the segment of I-19 that crosses TON San Xavier District boundaries. Future meetings will be held to discuss feedback.

## **I-17 Broadband Project - Yavapai-Apache Nation Tribal Consultation**

- In early December the Governor's Broadband Office, ADOT Broadband Team and other ADOT staff met with the Yavapai-Apache Nation for their second meeting , to discuss proposed installation of broadband fiber optic within the segment of I-17 that crosses Yavapai-Apache Nation boundaries.

# Bipartisan Infrastructure Law

- **The BIL, formerly IIJA has changes which will affect the current Freight Plan Update, which is currently underway. These changes are under review and as more information and guidance from FHWA becomes available, these changes will be implemented into the plan.**
- **The Long Range Transportation Plan will be solicited for consultant surfaces with the next month. This plan may also be affected by the BIL, and current research is being done to determine potential changes which will need to be addressed.**
