

Arizona State Transportation Board Meeting

Multimodal Planning Division Tribal Transportation Updates April 18, 2025

**Iqbal Hossain, Deputy Director
Multimodal Planning Division**

Tribal Transportation Updates

SR 264 Corridor Planning Study Project

- The scope of this project is to examine the corridor for potential engineering and operational improvements.
- The project is 35% complete with Working Paper 1 - Current and Future Conditions underway.
- Major support data recently collected for analysis includes crash, traffic count and school bus stop locations.

Tribal Transportation Updates

ADOT Planning to Programming (P2P) Process - Tribal Outreach

- 3/18 - ADOT MPD issued a Call for Project Nominations under the ADOT P2P process which will prioritize state highway system construction projects for consideration in the ADOT FY 2027-2031 Five Year Transportation Facilities Construction Program.

ADOT Transportation Alternatives (TA) Program - Tribal Outreach

- 3/26 - ADOT MPD issued notification to the governments in rural Arizona that \$16 million in grant funding is available this year through the ADOT TA Program.
- Project applications are due by May 5th for initial review. Projects will be screened to ensure they meet federal requirements and a TA Program Technical Advisory Committee will evaluate and rank projects found to be eligible.
